

VERDERAIR HC-PURE FD SERIES

VA-HCP25

The Verderair HC-PURE series of hygienic double diaphragm pumps is designed for various hygienic applications. The electropolished surfaces reduce the risk of bacteria traps and contamination. The pumps are manufactured from SS 316L according to the highest hygienic design standards. Easy maintenance and a long lifetime results in less downtime for your production process.

Your benefits

- Electropolished
- Easy maintenance
- Solid machined centre block made from PE/Polyamide
- PTFE/EPDM overmolded diaphragms
- Maintenance free air valve

Technical data		Measurements
Nominal port size	DIN 11851 Tri-clamp	DN40 1,5" (ASME BPE)
Air inlet	BSPT	R 1/4"
Weight (kg)	PA6 PE-Cond.	15 14
Suctionlift dry (mwc)	EPDM valves PTFE valves	2 1,5
Suction lift wet (mwc)		9
Max. operating pressure (bar)		7
Max. operating temperature (°C)	PA6 PE-Cond.	120 80
Min. operating temperature (°C)		-20
Theoretical displacement volume (single stroke) (l)		0,34
Max. particle size of solids (mm)		12
